

TCM and Neuro Foot Reflexology Certification Course

The Sorensensistem™ is a *modern approach* to reflexology, which incorporates the ancient methods of Traditional Chinese Medicine.

Based in research and clinical experience by Lone Sorensen since 1978, the Sorensensistem™ concept of foot reflexology impacts the meridian, nervous, and vascular systems to relieve **the source** of the symptoms.

This unique 150 contact hour certification course consists of:

- The history of reflexology
- Differences between traditional zone therapy and Sorensensistem™ Reflexology
- Basics of physiology and anatomy
- 7 basic steps to analyze the source of physical symptoms
- Meridians and their functions
- Meridians and how they connect to zones and points in the feet
- Meridians and how they connect to certain muscle groups
- Muscle mapping zones of the feet
- How to analyze and treat imbalances in the spine through Neuro Foot Reflexology – both physical and emotional
- How to analyze and treat hormonal imbalances through Neuro Foot Reflexology
- Practical application with individual attention from experienced professionals

Students who complete this course will be eligible to sit for the national certification exam (American Reflexology Certification Board – ARCB). Completion of six modules is required prior to exam.
